KEEP RIMA'S FAMILY TOGETHER

To Theresa May, Home Secretary

We, the undersigned, have learned of the plight of 17 year-old Rima Andmariam. She lost her parents in her home country of Eritrea. She had to flee persecution and has been deeply traumatised by what has happened to her. She has found love and security with a new family here in Glasgow. It would be cruel to tear her away again from a place she calls home. You have the authority to let Rima remain in Glasgow.

PLEASE KEEP THIS FAMILY TOGETHER.
